Some serve their community by voting and participating in political events. Others serve through entrepreneurship or philanthropy. We want to know what you think makes a good citizen in your community. We encourage you to bring emotion, creativity, specific examples (including current events), and well-researched facts into what you write. 2/28/2019	I My School Scholarship	ABODO is an apartment search service started by a few guys from UW - Madison. ABODO was built by students for students. Why? We loved our school, but hated every time we had to find a new Madison Apartment. The listing services didn't have many listings and the classified ads sucked. We decided to solve the problem by pulling together all the listings around campus, putting them all on a single map with powerful filters and displaying real-time availability. It worked for us, so we expanded and started listing Milwaukee Apartments. Today we have apartments all over the nation and we're on a mission to spread the love and make off-campus apartment search easy across the country!	Open	\$1,000	https://www.abodo.com/scholarship
